	☐ Thru	☑ EN81	☑ ASME 17.7		☑ Improvement	☑ ROW	1 Page
					☐ Process Change		ECN220010

The Duo+ Floor Cut Template has been enlarged to allow the outer shape to be used as the floor cut out template. Outer size changed from 1047mm x 771mm to 1047mm x 815mm.
New templates also include perforated guidelines based around the MK2 size, this will allow the template to be used for the ceiling cut-out.
For identification purposes the new templates are marked with ‘MK3’ in the lower left-hand corner & include 4 x 75mm long centre lines near the edges to enable template to be placed squarely.

Part No: 28102-00044 Duo Plus Lift Floor Cut Template – Version C - MK3

Current Version B - MK2

Updated Version C - MK3
