PINNACLE SL600HD

HEAVY DUTY STAIRLIFT

THE INDUSTRY'S ONLY 600 LB CAPACITY STAIRLIFT

Designed to help people with mobility challenges safely and independently navigate stairs, the Pinnacle SL600HD combines a higher weight capacity with comfort, stability, and ease of use. The high-backed, contoured extra-wide seat provides a comfortable, secure ride, while sturdy stationary armrests and a reinforced footrest add stability for safer transfers. The seat slides away from the wall as it pivots at the top and bottom landings, helping make getting on and off the stairlift easier and more accessible.

Like all Pinnacle stairlifts, the SL600HD is engineered to high industry standards and designed to support greater mobility and independence at home while providing optimal comfort, convenience, and aesthetics.

The patented nylon polymer worm gear provides low friction for longer battery operation during a power outage while eliminating maintenance related to track lubrication, providing added reliability and peace of mind.

UNIQUE SLIDE-SWIVEL SEAT

Designed to support safer, easier transfers for people with limited mobility, the high-capacity seat pivots 85° as it slides away from the wall. This allows installation closer to the wall while providing additional space for getting on and off the stairlift at the top and bottom landings.

COMFORT AND PERFORMANCE

I can safely access the upper level of my home with my stairlift. It allows me to move comfortably in and out of my chair with its swivel seat and sturdy armrests.

SL600HD PRODUCT SPECIFICATIONS

WEIGHT CAPACITY	- 600 lb
TRACK LENGTH	- 15' 6" to 40'
SEAT SIZE	- 18 ¾" x 14"
INCLINE LIMITS	- 27° to 48°* - ** inclines above 45° may require local jurisdiction approval.*
SAFETY FEATURES	- 85° seat swivel at top and bottom landings, interlocked - Overspeed brake - Footrest obstruction sensors - Chassis obstruction sensors - Seat belt
OPTIONS	- Key lock - Extra rail - Manual lowering tool
FOLDED WIDTH	- 16 ½" from wall
SPEED	- 14 FPM
BACKREST SIZE	- 16 ½" x 17 ½"
DRIVE	- Patented nylon polymer gear rack - Helical worm gear
CERTIFIED	- ETL listed - ASME A17.5-2019/CSA B44.1:19 - ASME A18.1-2020 - Rated commercial and residential - US FDA Registration: Class II, 510(K) exempt - Classification Number: 890.5150 - Product Code: PCD - ETL-Intertek US Listed Control Number: 3148125
WARRANTY	- 3-year parts - 10-year gear rack - 1-year battery
